Re: Federal Corruption Charges, Criminal Behavior and Pending Legal Action

Dear Honorable Louie Gohmert:

I am involved in a TS/SCI Special Access Program (SAP) that is being run, mainly, out of the DIA, although other organizations are involved in the SAP. It initialized on September 10, 2001, my first day on the job at Parsons, a major federal contractor.

Through the SAP, I provided sole-source services to the government via an agreed upon top secret contract. The federal government has decided not to honor the contract and is delinquent. I have developed an unclassified contract that has not been signed.

I have provided the federal government, in relation to the above described program, services that could not be found elsewhere. I am also contesting that the federal government stole proprietary information from Buckle & Bernard Agency Developers, a federal contractor owned by Mr. Pomeroy. The information stolen included several projects and patents pending, among other types of information.

The estimated total amount of damages from the loss of intellectual property and product specs is large. If the federal government does not sign and execute the discussed contract, with the specified signatures (and make sure that the contract cannot be determined non-compliant through federal regulations), an action will be filed listing Mr. Obama, among others, as complicit conspirators to torture, cyber crimes and corruption.

I am of the same persuasion as you, Mr. Gohmert that Mr. Barack Obama is a traitor and is guilty of aiding and abetting known traitors and enemies of the state, both foreign and domestic. His arrogance and utter disregard for human life is criminal, psychopathic and sociopathic. Because of this, he should be impeached and put in a mental hospital for the remainder of his life or put to death for his actions of one, allowing and perpetuating torture, on a massive scale, and two, killing US citizens without warrants or proper vetting. He is responsible for killing and torturing thousands, if not, millions of people. Obviously, he is not the only person responsible for his current policies regarding these issues.

We are watching people of the likes of Stalin or Hitler and many people are oblivious, just like the Germans under Hitler. Because of their sociopathic mental disorders, they cannot even recognize their own criminal behaviors and actually believe what they are doing is for the good. This is an enormous problem that I have been involved in since 911. I have notified many government officials of this but they have not been responsive, many who are receiving this letter. Many retired military officers and enlisted men are crying for Mr. Obama's ouster and prosecution for treason and crimes against humanity. They protect you. I protect you.

I suggest you all get your thinking caps on and get this issue resolved. You have been warned. Get the contract signed and executed.*

Sincerely,

Mr. Pomeroy

Re: Follow Up to Letter of August 5, 2015 Regarding Federal Corruption Charges, Criminal Behavior and Pending Legal Action

Dear Honorable Louie Gohmert:

I trust you have received and read the above referenced letter. The referenced letter is a notification and warning that treason has been committed at the highest levels of the United States Government. It has provided, at least one, known traitor's name.

18 U.S. Code § 2382 - Misprision of Treason states that if an individual is aware of treason and does not notify authorities, that individual can be charged under the code:

18 U.S. Code § 2382 - Misprision of Treason

“Whoever, owing allegiance to the United States and having knowledge of the commission of any treason against them, conceals and does not, as soon as may be, disclose and make known the same to the President or to some judge of the United States, or to the governor or to some judge or justice of a particular State, is guilty of misprision of treason and shall be fined under this title or imprisoned not more than seven years, or both.”

To avoid prosecution under the referenced code, I am again warning and notifying you that we have traitors in the Federal Government, and some are receiving this letter. To assuage any concerns I have, provide me with protections and pay for services rendered, please get the contract signed and executed.

Have a nice day,

Mr. Pomeroy*
