

In Cuba and all over the world,  
US diplomats were attacked with Directed Energy Weapons.  
This has been called the Havana Syndrome.  
They were helped by the US government.  
All this is in the media.  
But there is no mention of civilians.

Many innocent civilians are attacked with Directed Energy Weapons,  
And many are here today.  
They are burned, cooked, shot, stinged and more.  
Some are mind control experiments.  
Meaning that their thoughts are manipulated and body parts controlled,  
All human rights are violated.  
And this has been going on for at least three decades.

In the Netherlands it was revealed one month ago,  
That innocent people are put on terrorist lists,  
And that this has been going on for many years.  
They are followed everywhere they go,  
They are surrounded by informants and undercover agents.  
Their friends and family contacted.  
This was discussed in the parliament.  
And how did the minister of Justice respond?  
She, said, yes it is true, but go solve it yourself.

We are not crazy, we do not suffer from psychosis.  
We are the normal people that were selected by government criminals and put on a list.  
They don't shoot you with a gun or stab you with a knife.  
Instead, they drive you crazy, damage your body, and give you maximum pain.  
They try to collapse you into a psychiatric patient.  
They try to make you commit a crime.  
They try to make you commit suicide.

Or try to involve you in an accident.  
They try to cause your mental or physical death.  
I call this organized murder.

The whole system of these government criminals is based on lies.  
They lie about why we are selected.  
They lie about how they attack you.  
They lie about how often they attack you,  
They lie to the operators of these weapons,  
They lie to informants and infiltrators,  
They lie to your co-workers, friends, neighbors and family.  
They lie because they are murderers.

The War on Terror was declared after 9/11.  
The War on Terror is NOT a war on Muslim terrorists.  
It is a war on us, the citizens of the world.  
And the reason is simple: control.  
They are afraid of us.  
They do not want to go to jail.  
And they are in our governments, and in NATO.

We are here today to send a message to these criminals.

We demand:

1. Complete clarification of all crimes committed with these weapons.
2. Rehabilitation and compensation of the victims.

And to the government criminals and NATO criminals I say:  
**STOP ATTACKING CIVILIANS WITH DIRECTED ENERGY WEAPONS.**  
**AND STOP MIND CONTROL EXPERIMENTS ON CIVILIANS.**

Thank you  
Peter
